### Winter Safety

Winter is fast approaching and the experts say its going to be a harsh season. The following are a few tips to help you through the season:

1. Keep yourself hydrated. You can become very dehydrated even during the winter months.
2. Dress for the season, warm winter jackets, gloves, and multiple layers of clothing
3. Windows at Hannam Village are equipped with an outer and inner pane. Make sure to close the both panes, which helps create a barrier between you and the elements.
4. Keep on hand extra blankets, flashlights with extra batteries, matches, a first aid kit, manual can opener, snow shovel and rock salt, and special needs items (e.g., diapers).

Friendly tips from Hannam Village Housing Office.

### Fire ladder Instructions

As you have probably noticed each building at Hannam Village is equipped with a Fire Escape Ladder. We will be visiting your quarters soon to install detailed ladder instructions. If you have not received instructions please call or come by our office.

### Hannam Parking

For your safety and security Hannam Village is a secure housing complex. In order for us to maintain this security USFK mandates that all residents register their vehicle and receive a Hannam Village vehicle pass. If your vehicle needs a Hannam Village Pass. Please come in to the Hannam Village Office and complete a registration form. Remember to bring your proof of insurance and USFK registration. We would be happy to take care of you.

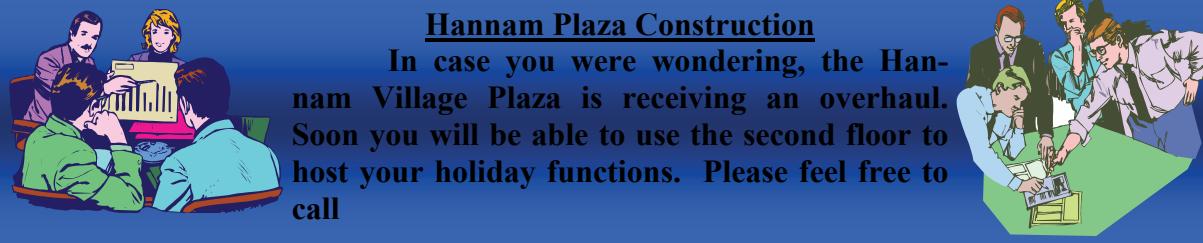

### Trash Bag Use

Korean Government and USFK require all residents to use refuge bags purchased from local contractors. The Hannam Village Housing Office provides these bags. Please stop by and pick up your supply today. Call 723-8950 for more information.
